Space and Naval Warfare Systems Center San Diego Awards Contract

SAN DIEGO — General Dynamics Robotic Systems, Westminster, Md., is being awarded an \$8,471,000 cost-plus-fixed-fee completion pricing arrangement contract for two unmanned surface vehicle (USV) systems for the littoral combat ship anti-submarine warfare mission module. This contract contains options, which, if exercised will bring the potential cumulative value of this contract \$11,301,482. Work will be performed in Owings Mills, Md., and is expected to be completed May 2007. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured via a broad agency announcement released via the Federal Business Opportunities web site and the SPAWAR e-Commerce Central web site, with eight offers received. Space and Naval Warfare Systems Center San Diego, San Diego, Calif., is the contracting activity (N66001-06-C-2016).
